

BIG CHAUTAUQUA STARTS MONDAY

Many Buying Season Tickets For A Whole Week of High Class Entertainment.

Richmond's big Redpath Chautauqua opens Monday afternoon, and there appears every assurance that the chautauqua this year will prove a decided success from all standpoints. Season ticket sales are proving satisfactory and with good weather, the big brown tent will prove a mecca for all this season next week.

The program opens Monday afternoon with the Orchestral Sextette giving the first entertainment. This is said to be one of the best musical organizations on tour, and their solos as well as chorus work are said to delight all who hear them.

In the evening, Miss Ada Ward, of London, England, will lecture on "Getting Together." Miss Ward was one of the few women chosen out of all England to entertain the Tommies at the western front. Her message is thrilling.

Capt. Garman, who will be the superintendent in charge of the chautauqua, will arrive today.

Back from the war hospitals of Europe Miss Florence Bullard who was awarded the Croix de Guerre with two stars for "imperturbable bravery under fire," will be here Tuesday in the public health and community welfare campaign. Miss Bullard comes with the sanction of the American Red Cross and her lecture offers a specific answer to the question of what the Red Cross is going to do in time of peace. Her appearance is in line with a new policy of the American Red Cross. This policy includes such vital questions as the public health nurse, home hygiene, home care of the sick and home cooking.

Miss Bullard, who is a graduate of Mayo Brothers' Training School, Rochester, Minn., went to Europe a year before America entered the war and was with the French army. She comes to the platform with a wonderful background of experience gained in her work overseas. She brings her audience the lessons she learned in the great base hospitals in France and of the evacuation station of Chateau Thierry and Argonne.

With regard to the appearance of such speakers as Miss Bullard on the Chautauqua platform, the director of the speaker's bureau of the American Red Cross, says:

"They have been brought into contact with hospital service in the care of the wounded and the maimed, but many of them have come into contact with the refugees, the sick, the famished and the tubercular—all sorts and kinds of malnutrition and starvation. It seemed a pity that such peculiar ability as they bring should be allowed to subside at once into ordinary channels of routine nursing. Actively, materially they would be the ideal proclaimers of a new public health gospel, their theories re-enforced tremendous actuality of their war training."

The Great Lakes String Quartet, which accompanied President Wilson on two transatlantic voyages on the U. S. S. George Washington, an which appears on the third of the Chautauqua is a really notable organization.

Following are comments from two well known newspaper which will give a good idea of these talented artists:

"Their playing is a positive delight for their music reaches out and immediately holds one thoroughly interested and absorbed, forgetful to all else but the melodies and the wonderful tone effects. They could easily draw the same hearers and additional admirers were they to appear again the very next day in a program."—Jacksonville Fla. Metropolis

"The Quartet is composed of Herman Felber, first violin; Carl Faschauer, second violin; Robert Dolejsi, viola; and Walter Brauer, cello. The performance they gave last night, especially of so elusive and delicate a work as the Debussy quartet, bespeaks earnest preparation, sincere study and attentive rehearsing. The tonal balance is excellent, the color agreeably varied and the technical efficiency of the highest order. In a quartet of the demands placed by Debussy, the mettle of an ensemble organization can best be ascertained and to the credit of the visitors, be it said that their accomplishment was a notable one. There was a sensitiveness in the playing which was of the highest artistic sense."—Cincinnati Enquirer.

WILSON'S PLANS

(By Associated Press)
New York, July 5—Joseph P. Tumulty, secretary to President Wilson, announced here today that according to the present program, the President will address the Senate Thursday. Tumulty said the President will be greeted on his arrival Tuesday by school children at Hoboken and be received at New York by an official reception committee headed by Governor Smith and Mayor Hylan. He will deliver a brief address at Carnegie Hall and leave for Washington in the evening.

WANT TO SEE WINNER

(By Associated Press)
Toledo, July 5—Neither Jack Dempsey, who won the heavy weight championship here yesterday, nor Jess Willard, his defeated opponent, have made any plans to leave Toledo early today, but it is expected Dempsey will depart within 48 hours to fulfill a vaudeville engagement which had been offered him if he won. Willard originally planned to go to New York immediately after the bout to discuss business plans but what effect the fight will have on his business engagement was not learned. In this connection it is stated, so confident was Willard that he would defeat Dempsey that he had completed plans to organize a picture company and star in a series of dramas. A staff of accountants today began footing up the ticket and financial totals of the match.

It was stated in a dispatch that Dempsey had an offer of \$7,500 for a two night's vaudeville engagement in Pittsburgh in the event he won.

Dr. B. H. Gibson was another fan who was at the ringside from Richmond to see Willard lose the championship in three rounds.

BIG BALLOON IN TROUBLE

(By Associated Press)
Washington, July 5—Two American destroyers were ordered today to proceed to the Bay of Fundy, to lend assistance to the British dirigible R-34 which was reported to be fighting a head wind over Nova Scotia with her fuel supply low. The destroyers put out from Boston with orders to establish radio communication with the dirigible which is on its way from England to Long Island.

K. M. I. HEAD DROPS DEAD

(By Associated Press)
Louisville, July 5—Word received here today said that Major G. A. McGowan, commandant of the Kentucky Military Institute, dropped dead Wednesday at his home in Canadaigua, New York, where he was spending the summer.

KEEP OFF LEXINGTON PIKE SUNDAY, PLEASE

Pleasure seekers are certainly co-operating with Road Engineer J. G. Baxter, in his request that the roads which are undergoing a treatment of tarvia, be used as little as possible, in order that this modern idea may have a chance of doing its full work. On the Glorious Fourth when hundreds of autoists motored to Boonesboro, the majority of them complied with the request that they go by the way of the Red House pike, and there were scarcely any cars seen on the Lexington pike. The following letter from Judge Baxter to the citizens is in the form of a request, and everyone should comply. The letter is as follows:

Mr. Saufley:
Please announce to the public that we would like for them to use the Red House pike to Boonesboro pike Sunday and that the Lexington pike will be open for traffic Monday. The Red House pike will be closed for treatment Tuesday morning, and will be completed in two or three days. This program is, of course, predicated on fair weather conditions. Please ask the public to avoid driving in the small pile of gravel on the side of the road.
J. G. BAXTER,
Road Engineer.

Prof. Brock's Mother Very Ill

Mrs. E. J. Brock, of Macon, Ga. who arrived Thursday to spend the summer with her son, Prof. H. H. Brock, in Burnhamwood, is critically ill from a stroke of paralysis, which she sustained on the train. She suffered the second stroke Saturday morning and owing to her advanced age of 81 years, great apprehension is felt over her recovery.

250 Bushels of Wheat Burn

About 250 bushels of wheat and wheat straw were destroyed by fire on the farm of Col. R. G. Evans near Danville. The threshers were quickly pulled out of the fire and was not damaged, but the wheat and straw could not be removed in time to save it. It is believed the fire started from a match passing through the separator.

A Real Pumpkin Raiser

Mrs. W. H. Kanatkar brought to the Daily Register Saturday a splendid pumpkin which she saved over from last year. Mrs. Kanatkar, who is a splendid farmer's wife in every way, has a method of keeping her pumpkins over winter, which has always proved successful.

OIL FIELD NEWS

The Pyramid Oil Company has completed its No. 22 on the Pendergrass tract, which is reported to be good for 100 barrels. Hudson, Collins & Maloney have a good producer in their No. 10 on the W. T. Booth in Lee county, which is credited with 75 barrels. The Queen Royalty Company has purchased a 1-64th royalty interest in the Isaac Sparks section of Lee county. The price was not made public.

The Old Dominion Oil and Gas Company has two good producers in the Big Sinking section of Lee county. One of these is No. 4, on the McIntosh lease, and the other No. 9 on the Williams tract. Each is estimated at 50 barrels.

Winchester parties have just closed a deal for the purchase of a 1-192 royalty interest in the 11-acre lease, known as the "shoe-string" tract in Lee county, which is operated by the Hart Oil Co. The price is said to have been \$4,000. This tract now has nine producing wells of about 150 barrels, with two more locations to be drilled.

ANOTHER PHONE STRIKE THREATENED

(By Associated Press)
Louisville, July 5—Alleging unfairness to employees of the International Brotherhood of Electrical Workers, their leaders here today indicated that steps are being taken to call a strike in the southern telephone exchanges. Apparently the statement is aimed at the Bell interests. The local Workers, their leaders here affect the Cumberland service in Louisville. The Home company resumed partial service today.

Washington, July 5—Weather predictions for week—Ohio Valley and Tennessee—Temperature near normal; with occasional local showers and thunderstorms.

Can't Get The Cars

The Richmond Motor Company got in a very handsome Hudson coupe this week, which was delivered to Mrs. Harry Hanger, Jr. It also sold an Essex touring car to Judge J. J. Greenleaf. The Madison Garage sold a nifty Ford coupe to Coleman Neff. It is said by local automobile men that it is almost impossible to obtain a car of any make within a reasonable length of time, and orders have to be placed months ahead and then it is a question whether deliveries can be made or not.

British Silversmiths Worried

(Correspondence Associated Press)
London, June 15—British silverware manufacturers are seeking means of stopping the use of their hall marks by electro plating firms in the United States, says the American Chamber of Commerce here. It is also understood that the advisory committee of the city of Sheffield is taking up the question of the use of the word "Sheffield," in connection with American manufacturers. An anticipated difficulty is pointed out in the fact that there are at least nine Sheffield in the United States from which many of the American firms may derive their fame. It is suggested, however, that they should add the letters "U. S. A." to the name.

It'll Be A Go Then

The Burgin letter to the Danville Messenger, says: It now seems a certainty that Burgin is soon to have a picture show and an electric supply house soon. The enterprise will be established by a Richmond syndicate.

BURLEY CO. GOT A MILLION

(By Associated Press)
Louisville, July 5—It was announced that the R. J. Reynolds Tobacco Company purchased the plant of the Burley Tobacco Company here for a sum said to approximate a million dollars. The Burley Company is composed largely of central Kentuckians. Its factory sought to compete with the "Big Four." The sale does not affect the 17 loose warehouses throughout Kentucky.

ITALY HAS HER REDS

(By Associated Press)
Florence, Italy, July 4—Carbide fired upon the crowds her today. Disorders are increasing and the ransacking of shops is widespread. One is dead and 20 injured in the rioting today. The crowd sacked the shops, destroying what they were unable to carry away. One entire street was flooded with petroleum, gasoline, wine, beer and olive oil. Wherever the Chamber of Labor, apparently the only authority the people recognize, is able to exercise its functions, goods are being transported to special warehouses under a red flag.

INDIAN LEADS BATTERS

(By Associated Press)
Chicago, July 5—Jim Thorpe, the full-blooded Indian graduate of Carlisle Indian School, who in 1912 gained the distinction of being the world's greatest athlete by winning the amateur all-around championships at the Olympic games in Stockholm, Sweden, and now a member of the Boston Braves, has stepped out in front among the batters of the National League, with an average of .411, according to averages released today and which include Wednesday's games. Thorpe's great difficulty since coming into the big leagues has been his inability to hit a curve ball, but he has overcome this. His mark was acquired in 22 games, Gavy Cravath, the veteran slugger of Philadelphia, the runner-up to Thorpe, with a mark of .376, has played in 52 games.
Max Black, the little Chicago outfielder, by daring base-running has tied Olson, Brooklyn, as a run-maker. Other leading batters for 20 or more games: Young, N. Y., .341; Williams, Phila., .320; Southworth, Pitts., .320; Cincin., .310; Wingo, Cincin., .313; Konechey, Bklyn., .311; Burns, N. Y., .311; Burns N. Y., .311; Deal, Chgo., .311. Rogers Peckinpaugh New York continued to lead the regulars in batting is topped by Eddie Murphy, Chicago, who has a mark of .482.
Other leading batters for 20 or more games: Flagstead, Det., .339; Sisler, St. L., .338; Milan, Wash., .330; Jackson, Chgo., .329; Kinney, Phila., .323; Johnston, Cleveland, .321; Roth, Boston, .317; Rice, Wash., .315; Ruth, Boston, .315; Shorten, Det., Smith Cleve., .311; E. Collins, Chgo., .306; Bodie N. Y., .304.
O'Mara, Indianapolis, made the best showing among the batters of the American Association by climbing from 15th to seventh place although the leaders as a whole suffered a slump in their hitting, very little change occurred, Hendryx, Louisville, heading the list with .376.

Daily Register Gave News First

Daily Registers, with full story by rounds of the big fight Friday, sold like hot cakes, and everyone in Richmond knew the story of the big affair hours ahead of anyone else in this section. The Daily Register was out at 4:30 with the full details. The next paper to get in was the Lexington Leader at 7:30, with exactly the same story that the Associated Press had given Richmond's paper also. This is just an everyday affair, however, but we are inclined to think that some of our good friends hardly appreciate what it means to get the out-of-town and foreign news so quickly and all the home news as well, every day in their own home newspaper. At least they're doing nothing to show their appreciation. Think it over.

Lalley-Light furnishes two sources of light and power
in the one plant.

The machine itself is one; the storage battery is the other.

Light used direct from the generator is as steady and
strong and brilliant as from the battery.

This is an advantage not usually found.

It is due to the fact that the patented Lalley-Light
engine is especially designed and built to drive an
electric generator.

It is worth a great deal to the man who must have light
and power that are wholly reliable.

We will demonstrate Lalley-Light, free. Call for the
book of owners' testimonials.

Wells—Day
 The following beautifully engraved announcements have been received by friends here.
 Mrs. Wm. Wells announces the marriage of her daughter Sallie Louise to Mr. John B. Day on Thursday, July the third Nineteen hundred and nineteen Lexington Kentucky
 At Home
 After July fifteenth Nicholasville, Kentucky
 Miss Wells and Mr. Day were united in marriage at the home of the bride's cousin, Mrs. H. C. Karr, 432 Woodland avenue Lexington by Rev. G. W. Nutter of Nicholasville. Immediately after the ceremony the couple left on the noon train

east, and after a short trip they will return to Nicholasville, where they will reside.
 The bride is the only daughter of Mrs. Wm. Wells, formerly of Madison county, and is well known here, having been a frequent visitor in this county. She was a student at E. K. S. N. in 1917-18 and holds the position of fourth grade teacher in the Nicholasville school now.

Mr. Day is the oldest son of J. T. Day, formerly of Nicholasville but now of Lexington. He is a discharged soldier just returned from the battle fields of France. Before enlisting in the army he was the junior partner in the Day Grocery Company of Nicholasville.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly troubles. Other women get relief by taking Cardui. Why not you? All druggists.

After all, the vitality of the car depends on the battery

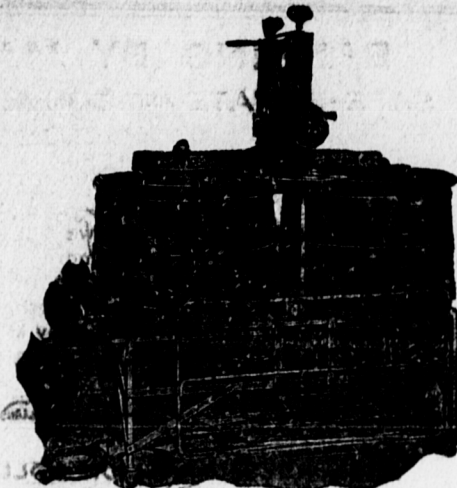

If the ignition is not absolutely right, no part of the car can function properly.

Many a car stays in the old age class while in reality its life is barely half spent—because its nerves are paralyzed by a failing battery.

The Eveready Storage Battery has proved a veritable fountain of youth for thousands of such cars.

The guarantee is exceptional—but the performance of the Eveready makes it easy for us to make good. Yes, a year and a half.

Bob Slade In New Work

His many friends here both among Pythians and others will be glad to learn that Col. Robert (St. Nicholas) Slade, of Lexington, has been elected Superintendent of the Knights of Pythias Widows and Orphans' Home at Lexington with Mrs. Slade as Matron. They succeeded Mr. Geo. Moore and Mrs. Moore, who have been in charge of the institution for seven years, but who recently tendered their resignations to accept similar position at the Kentucky Baptist Home at Glendale. Colonel Slade, the new superintendent, has for years been a well known commercial traveler. For the past decade he has been prominent in the Pythian order being a past grand chancellor of the State Grand Lodge and at one time a member of the board of directors of the Home, in which he has always taken a deep interest. Colonel and Mrs. Slade will take active charge of the institution Aug. 1 at which time Mr. and Mrs. Moore will leave for their new field of work.

Huns Profit In Cigarettes

(Correspondence Associated Press) Berlin, July 4.—The illicit trade in cigarettes has grown to such proportions in Berlin that the authorities are considering a campaign against profiteers who sell them double and treble their value. Cigarettes now have become so scarce that one of ordinary quality readily commands 15 cents and, while the price is plainly marked on each cigarette, they are daily sold in the streets by peddlers for much higher prices.

Winter Wheat Opens at \$2.17

At the opening of the Lexington market for 1919 winter wheat Wednesday, a part of the crop of Dr. S. H. Halley was sold at \$2.17 per bushel. The offering was of the No. 2 grade, says the Leader. Reports from Central Kentucky on the wheat crop which is being harvested, are to the effect that the straw is unusually heavy, but that the grain is light. While the yield is not up to the expectation before the harvest, it is stated that the crop will be little better than an average. The acreage is also said to be larger than usual, which with the average quality means an increased production. The price at Newport News, Va., and the cause for the drop of two cents in this year's price from that of 1918 is the increase in freight rates made since that time by the United States Railroad Administration. From the price set at Newport is deducted the freight charges hence the slight lowered price to farmers at this point.

Mountains Get Bulls

Purebred Shorthorn bulls are being bought and taken into the mountains of Kentucky to increase the value of live stock. Floyd county, far up in the eastern end of the state, has bought six splendid Shorthorn bulls and has ordered three more for early delivery. This new blood has been secured through the efforts of a strong county agent.

COLORED COLUMN

Browns Win Both Games
As though each member of the Browns had decided that yesterday was his day to bark in the limelight, the Browns set about their task with a dash and vim that swept the Winchester Tigers into discom in both games of a double header. The score was 13 to 4 and 19 to 9.
H. Tye won the belle of the ball in the first function but his team mates vied with him in the way of brilliant playing. Tye, who is a glutton for work brought into play every article of the master slaban and the Tigers secured only four hits in the first contest. He also struck out 12 men. In the second encounter W. Miller who started the game, was hit from the start, the Tigers securing a run in the first inning and one in the second. The manager called H. Tye back after he had pitched the first game. He went in with the score 3 to 2 in the Browns' favor. After he settled down he pitched a good game. The path of the Browns' pitcher was made less difficult by the grand support accorded him in the work, every player contributing his part. Phelps in right field, Estelle in center and Benton in left, are in a class by themselves as outfielders. They captured everything that came their way in their territory. Manager Doty shifted Phelps to right field, G. Tye from center to second base, and placed Estelle in center, which made the Browns have an outfield that can field and hit. One of the largest crowds that ever witnessed a ball game at Pioneer Park was on hand. Batteries: first game—Winchester, Tuttle and Hoskins; Browns, H. Tye and Dawes; second game—Winchester, Tuttle Evans; Browns, W. Miller, H. Tye and Dunson. Umpire Cobb at plate, Hucker in field.
Mrs. Lizzie Crutcher and daughter, Miss Emma C. Crutcher, spent a few days in Lexington visiting the former's sister, Mrs. Tinsue Blythe.
Mrs. Belle Turner is at home from Allendale, S. C., for the summer.
